

GAMA MACHINERY **TEMPERATURE SENSING** **UNIT**

Gama Machinery USA introduces their new universal fit TSU for your Plural Component heated hoses. This innovative design offers the end user a reliable and affordable way to reduce down time on the job.

Features of new TSU

- ❖ Rugged Aluminum construction
- ❖ Replaceable sensing element provides for a fast, easy and clean on the job replacement
- ❖ The replaceable element allows the applicator to replace element without having to discount the hose set
- ❖ Design allows for the plug to be protected by the hose set preventing electrical failure at the plug common with existing products
- ❖ Epoxy potted plug adds addition protection and strength to the electrical connection
- ❖ Fits all major equipment manufacturers existing heated hoses
- ❖ Replacement cost of sensing unit 1/3 cost of replacing competitors TSU assembly
